

The logo for DeeLux features the brand name in a bold, italicized, sans-serif font. A white, curved swoosh arches over the text, starting above the 'D' and ending above the 'X'.

DeeLux

The Kitchen Specialists

About Us

Why Deelux

Founded in 2004 on the River Dee in Chester, we were keen to create a kitchen company for the local area that could rival the large sheds.

About Us

UK Manufacturer

We believe it is important to be a UK manufacturer.

Our cabinets are manufactured to the highest quality, screwed with solid 18mm backs and come complete with a 15-year cabinet guarantee. We don't believe your kitchen should be standardised which is why each kitchen is manufactured for each individual client by our highly skilled craftsmen.

Appliance and worksurface choices are important too which is why we have developed long-lasting relationships with some of the industries best. Neff, Bosch, CDA, Franke, Carron Phoenix, Blum, Silestone, Bushboard to name a few.

3D Design & Interior Design Services

Our expert kitchen designers are with you every step of the way. Book a showroom appointment to meet with a designer.

Design Service

Design Service

Here at Deelux it is important to us that each kitchen we design suits the client.

It's not about just adding units to a room, it's about understanding how each of our clients use their kitchen and what is important to them.

Once we have met with our client for the first time we get to work on designing their new kitchen using our high quality 3D HD software. This really brings the room to life. For some clients it is the first time

they are seeing how their new extension will look. We complete the look by adding real life wall colours, flooring and accessories we feel compliment the kitchen.

Each Deelux client is presented with 3D HD Rendered visuals of their proposed new kitchen, bringing their old/new room to life!

Interior Design Service

Why Deelux

We are on hand to help you choose wall colours, fabrics, flooring and much more.

Are you thinking of having an extension? Bring in your architect's plans and we can begin to design your dream kitchen. We can undertake as much of the project as you like from supplying and installing to fully project managing it.
